It's Ladies' Choice at the Placer SPCA All Adult Female Cats Available at Reduced Adoption Fee

Roseville, CA – May flowers aren't just for mothers. In honor of the spirit of May, the Placer SPCA is offering a reduced adoption fee for all female adult cats. These beautiful ladies are spayed, of course, and they make a graceful addition to any family.

During the month of May, all female cats one year and older are just \$25. In addition to spaying, the adoption fee includes a veterinary exam, pet identification tag, microchip, FELV/FIV test, and FVRCP and Rabies vaccinations.

As Placer County's local animal welfare experts, the Placer SPCA strongly encourages everyone to have their cats spayed and neutered.

"The sad fact of pet overpopulation is that cats account for two-thirds of the animals in shelters nationwide," said Placer SPCA CEO Leilani Vierra, "we get litter after litter of homeless kittens all spring and summer, and even into the fall." One unaltered female cat can have as many as three litters per year, with an average of four to six kittens each time, according to the Humane Society of the United States.

The Placer SPCA offers a low-cost Spay and Neuter Assistance Program (SNAP) through a partnership with area veterinarians. The subsidized program is available to all residents of Placer County. For more information, contact the Placer SPCA SNAP hotline at (916) 782-7722 or (530) 885-7387, extension 201.

To adopt a female adult cat in May at the special reduced adoption fee, contact Customer Care at (916) 782-7722 or (530) 885-7387, extension 100 or email customercare@placerspca.org.
