Placer SPCA Service Area

Roseville:

The Placer SPCA is contracted as the holding facility for the City of Roseville's Animal Control Agency. As such, the PSPCA takes both stray and owner surrendered animals from Roseville. There is no fee for stray animals; however, there is a recommended minimum donation of \$25 for owned animals to be surrendered.

Placer County:

The PSPCA takes only owned animals from Placer County. Any stray animals found in Placer County, but outside the City of Roseville, must go to Placer County Animal Services in Auburn. There is a recommended minimum donation of \$25 for the surrender of owned animals.

Other Counties or Areas:

The PSPCA does not take animals from outside of Placer County unless as part of the Shelter Transfer Program, which is overseen by the Behavior & Training Department, in conjunction with the Animal Care Department. In addition, the PSPCA will consider limited admissions of owner surrendered animals from outside the area defined in our current policy, at the discretion of the Chief Executive Officer, with appropriate management staff assessment, and based on space availability. The PSPCA does not take stray animals from outside of Roseville.
